6. For WPO 2001 and GymPO 2009: Oral exam ('mündliche Prüfung')

- One of the topics ('Schwerpunkte'/'Schwerpunktthema 1') that you select for the oral exam must be a so-called 'core area' ('Kerngebiet') in linguistics, i.e. 'Phonetics', 'Phonology', 'Morphology', 'Syntax', 'Semantics', or 'Pragmatics'. *Please select a core area in which you have taken a course or a core area that you had for the 'Zwischenprüfung' (WPO).* This topic will take 10 minutes during the oral exam.

- For the other topic – or topics – for the oral exam (,Schwerpunktthema 2') we suggest another core area and/or a **theme based on a course that you took before or will be taking during the semester immediately preceding the exam**, e.g., 'Computational Linguistics', 'Old English', 'Middle English', 'Early Modern English', 'First Language Acquisition', 'Second Language Acquisition', 'Multilingualism', 'Historical Linguistics', 'Sociolinguistics', 'Typology' and 'Varieties of English'. For a successful exam, it is essential that you select your topics carefully; **only select topics for which you have a solid background**. This topic will take 10 minutes during the oral exam.
7. For WPO 2001 only: I would like my oral exam to have emphasis on:
- Literature (40 minutes literature; 20 minutes linguistics) with the following topic for the linguistics part of the exam:
    - (i)
  - Literature and Linguistics ('Ohne Gewichtung', 30 minutes literature; 30 minutes linguistics) with these two topics for linguistics:
    - (i)
    - (ii)
  - Linguistics (20 minutes literature; 40 minutes linguistics) with these three topics for the part on linguistics:
    - (i)
    - (ii)
    - (iii)

Please note that the following topics have to be part of the oral exam for WPO 2001 and should therefore not be included in the list of topics that you propose above:

- 'die wichtigsten Unterschiede zwischen amerikanischem und britischem Englisch' ("Varieties of English")
- 'die wichtigsten historischen strukturellen Veränderungen der englischen Sprache' (as discussed in the classes on "Structure and History of English II").

7. For GymPO 2009 only:

The topics for my oral exam will be

- (i) Core area of linguistics (Schwerpunktthema 1) = .....
- (ii) Other topic (Schwerpunktthema 2) = .....

Please note that you will also be examined on 'Grundlagen- und Überblickswissen' that was offered in SHE I & SHE II. For the structural part, we will use the first six chapters of the book that you used in SHE I (O' Grady, William, John Archibald & Francis Katamba. 2011. *Contemporary Linguistics: an Introduction*. Harlow: Pearson Education Limited). For the historical part we will use the book that you also used in SHE II (van Gelderen 2014). This part of your exam will take 10 minutes.
